

To whom it may concern

Confirmation

Scholz Labor- und Klinikversorgungs GmbH, Äussere Hauptstr. 3D, 85579 Neubiberg, Germany, has been assigned different procurement tasks for the University Hospitals of Heidelberg, as far as goods need to be imported from out of EU. This includes research products, medical devices and material but not RX and/or prescription drugs.

Scholz Labor- und Klinikversorgungs GmbH is able to meet the requirements of the Clinic's needs (Scholz GmbH is certified according to DIN 13485) and to ensure the supply, because Scholz GmbH has the staff and logistic facilities. Also Scholz GmbH has a wide range of useful contacts and business relationships throughout the whole world.

All Customs duties and regulation will be handled by Scholz GmbH. Scholz GmbH has also the task to serve as a market scout, to find alternative manufacturers and/or products, if required by the medical/scientific staff as well as to present new products/new developments to our facilities. Scholz GmbH is responsible to do research work on pricing and quality of the traded products.

Scholz GmbH shall be regarded as a proper contact institution for suppliers out of Europe.

Scholz GmbH can approve for new products without certification the CE-sign.

Heidelberg, November 24, 2014
